CycleWay

The Lakes District Council and Land Transport have undertaken the Ranolf Street Shared Cycle Way. Roadworks are currently underway outside of St Mary's School. Soon they will be directly outside our Glenholme School gates.

Traffic can often be chaotic outside the school gates on Ranolf Street and these roadworks will only add to the congestion and business. Parents please be mindful that this will be taking place in the very near future and will cause extra strain and stress on parking, pick and drop off and collecting your tamariki when raining. The Treehouse childcare centre is also not a public car park.

We apologize that this inconvenience has been imposed on the school community but would appreciate your understanding and patience. However we would appreciate your care and concern for our tamariki and their health and safety whilst these developments are underway.

Teachers Union Meeting

On *Thursday 28th June* the teachers from this school will be attending a NZEI Te Riu Roa paid union meeting regarding the *Kua Tae Te Wā* - It's Time campaign. The campaign aims to free teachers to teach and principals to lead, by getting the additional support and staff that schools need. The meetings will allow our teachers to discuss how the Ministry of Education has responded to changes that the union is seeking.

Our teaching staff are members of NZEI and legally entitled to attend this meeting. The teachers will be leaving school on *Thursday 28th June* to attend their paid union meeting which starts at 2pm.

I strongly encourage parents to make arrangements to pick their child(ren) up from school by 12.50pm on Thursday 28th June.

If you are unable to pick your children up then, please advise us so that your children can be supervised until 3pm, the end of our normal school day.

I appreciate that this creates some inconvenience for families. However, I encourage you to support your teachers as they strive to achieve the changes which will safeguard quality education for all children and ensure we make teaching an attractive profession for graduates.

Anyone who may need help with arrangements should contact the office.

No More National Standards - What's next!

The Progress and Consistency Tool (PaCT) is an online tool that supports teaching and learning.

What is PaCT and What does it do?

It prompts teachers to notice what students know and can do across the breadth of mathematics and as they use their reading and writing to support their learning in different areas of the curriculum from levels 1 to 5.

- It supports teachers to understand how students develop their expertise in reading, writing, and mathematics.
- It illustrates rich teaching and learning activities in everyday classroom programmes.
- It supports consistent teacher judgments of student progress and achievement.
- It creates reports that help teachers and school leaders monitor the progress of students.
- It supports schools to plan coherent learning pathways for students transitioning across school contexts.

What does it include?

PaCT includes the Learning Progression Frameworks, which set out the aspects teachers should take account of when considering their students' achievement in reading, writing, and mathematics.

It also includes the capability to synthesise teacher judgments on aspects of reading, writing, and mathematics to generate a score for individual students. This score can be displayed in relation to the levels of the New Zealand Curriculum.

Teachers will report to parents using the PaCT reading and writing information in term three at Academic Achievement Discussions.

2018 Westpac Chopper Appeal Fundraiser Friday 22nd June

Next Friday, the 22nd of June, the Young Leaders are holding a fundraiser for the 2018 Westpac Chopper Appeal. Students who bring a gold coin donation can wear mufti, as well as a 'wacky hairstyle' to school for the day. The student with the best wacky hairstyle from each class will win a free pizza lunch. Please support this worthy cause. Thank you.

The annual Westpac Chopper Appeal raises awareness and funds for the charitable trusts that provide rescue helicopter services to New Zealand.

One hundred percent of funds raised from the annual appeal go to these charities and it stays local, so your contribution supports your community.

The funds raised enable our rescue helicopters to continue helping people in emergency situations, 24 hours a day, 365 days a year.

New Entrant Enrolments

Pukehangi Team of A7, C8 and C9 will be expanding in Term Three. It is noticeable at pre-school class on Wednesday afternoons that our numbers are continuing to grow. However growth is expected to slow between now and next term. Glenholme School will be opening a 4th class in Pukehangi Team, Reception Room NE. This classroom, Room NE will be situated with A7 during "Learning Through Play" times and Reception Room NE and A7 will use a teaching and learning space at the end of A Block corridor for instructional learning. Whaea Jodene will be the classroom teacher for Reception Room NE. If the numbers grow rapidly during term two then this will be reassessed and addressed in a timely manner. In the interim A7 will have a full time teacher aide appointed to the classroom to support Mrs Palmer and our new entrant tamariki of Glenholme School. Whaea Jodene will be available each Wednesday for pre-school class.
