Free and Healthy School Lunches Programme

We are really excited to let you know that our school will be joining the free and healthy lunch programme from Term 4 this year.

All parents want to provide their children with a lunch every day. But, as you will know, there are many reasons parents can struggle, often through no fault of their own. We know that some of you will have been particularly affected by the economic impact of the COVID-19 pandemic. Offering a lunch for all our tamariki will go some way to helping families and whānau to support their tamariki. This is why we have decided to take part in the programme.

Lunches will cater for the diet, health and cultural needs of our students, and we will work with suppliers and the Ministry of Education to make sure they are healthy and nutritious. All suppliers will be required to meet New Zealand food safety standards.

The lunches will be available for all our students. So far we have been invited to join the programme and will now start talking to suppliers.

The programme will run until the end of 2021. The Government will collect information from the pilot to decide if they continue beyond 2021. You can find out more information at www.education.govt.nz/free-and-healthy-school-lunches

FREE Mufti Day Friday 19th June

We have been operating staggered morning tea and lunch breaks along with specific areas for each team to play in during these break times, since we returned to school at Level 2.

This was put into place due to COVID-19 restrictions. It has had a positive spin off for us here at Glenholme School. The decrease in playground and classroom behaviour incidents has been dramatic.

To reward our tamariki for their outstanding behaviour since they have returned to school after Lockdown we will have a Mufti Day next Friday.

There is no payment required for the day.
